1. SITUATION

Who are we? What has happened?

After we kicked out the PMC and send the surviving Members of them to be put in front of a court, the chinese forces have dug in on their positions in the northeast.
CIA intelligence suggests that this is not an operation sanctioned by the government but the result of a rouge general by the name of Ding Zhong who is in the country commanding the troops himself.

We are still the single LRG assault force of the US led coalition.

Our job will be to arrest Ding Zhong and clear all obstacles on the way to him. There is a chinese intelligence outpost in the area. Which we will need to find and clear out. Even though they should not be loyal to Ding Zhong do not expect chinese intelligence to be friendly to us.
