1. SITUATION

Who are we? What has happened?

The British armed forces are active in the north of Afghanistan to support the training mission to get the Afghan National Police and the Afghan National Army trained to the adequate level. In close collaboration with other allied coalition countries, the British are also tasked with the restoration of the Kharu Airfield.

Normally supplies like food, water etc. Are transported from the American Camp Bishop to the Kharu Airfield by Helicopter, but due to heavy sandstorms this is not possible. Supplies are at a critical level.

Due to high IED treats and Suicide bombers, you must stay vigilant.
