1. SITUATION

Who are we? What has happened?

We are LRG Platoon of mercenary group Bach deployed in Mali.

Religious militias have professionalised and taken positions on one of the most important cross desert roads in the country and placed several IEDs at key points of interest. They also overran and mined an important access of Gossi Town and placed 3 IEDs there which we know from a captured militiamen though he didn't know where the IEDs were exactly

The militias also have an well known bomb builder with them who is orchestrated several attacks on critical infrastructure. Furthermore there seems to be a meeting planned with foreign forces which we need to stop.

Thier leader is known to us as Luqman Bazrar who we need to capture, he has strong ties to the bomb maker whose home we were able to identify.
