1. SITUATION

Who are we? What has happened?

The GAF's surprise attack on French Forces at Swagga Airfield under the lead of General Sefa Deli, which caused several casualties among the 8th Marine Infantry Parachute Regiment, has shocked the French population.

Over social media, millions showed their condolence with the Families of the Men killed in action and demanded the capture and the court martial of General Deli.

The French President was keen to comply to the demand and two additional Infantry Brigades and a Tank Platoon were deployed to Guinea.

After less than a few days of conflict, the GAF Forces were on full retreat and the majority of the country is now under French control.

Non the less, remaining GAF Units, still loyal to General Deli, are continuing to fight viciously for every inch of ground while the General himself has gone into hiding several days ago.

We are part of the 8th Marine Infantry Parachute Regiment, Last Resort Company, deployed to the far South Western side of the country, tasked with capturing of General Sefa Deli alive in order to bring him to military court in France.
