

ELEVENTH HOUR

Operation:	Party Favours
Part:	2/2
Location:	Kujari
Date:	08/03/20XX
Time:	0400
Password:	Mandate

• SITUATION

During the previous operation it was brought to our attention that CSAT forces were destabilising the area by flooding local tribes with weapons, explosives and mercenaries.

Luckily for us, the mercenaries proved disloyal to their paycheck and gave up intel indicating Chinese construction efforts were a (poor) veil for a military build-up in the area.

Our employers have provided us with a large injection of capital and a green flag to remove CSAT forces via any means necessary.

Russian forces have been observed aiding the CSAT troops, a reliable source assures us these are rogue elements and will reward us for any killed or captured troops, after the conflict is resolved.

• MISSION

What are we going to do about it?

- Drive out CSAT forces in the area.
- Dismantle CSAT RADAR station in Chouwari
- Retake Marwey Airstrip
