1. SITUATION

Who are we? What has happened?

Over the last Months, tensions between the USA and People's Republic of China (PRC) have risen to a new height, due to their differences about the territorial ownership of the Pacific and its resources. Both Nations have therefore been conducting Military Exercises in the South Pacific, mainly around the French Polynesia Islands, in order to show presence and strength. During one of those Exercises, a USAF F-18 crashed into a Chinese Type 052D Destroyer, while conducting a low altitude flyby, resulting in the death of the Pilot and 15 Chinese Sailors. The US Government claimed that the Aircraft has been shot down by the Chines Forces and declared the French Polynesia Islands a War Zone, threatening to engage all Vessels and Aircrafts entering the Area without permission. While the PRCs Officials are the denying accusations, Chinese Naval High command has ordered a preventive Strike on the US Carrier group, stationed near the Iles Marquises Islands. You are part of the People's Liberation Army Navy Marine Corps, 5th Marine Brigade, Last Resort Regiment, deployed together with the 3rd Carrier Group and tasked with pushing the US Forces out of the Region.
